Inspector Teresa Burchard

On Wednesday, June 17, 2020, Inspector Teresa Burchard responded to a report of an impaired driver on I-39 in Dane County. As Inspector Burchard began to follow the suspected driver, she saw the vehicle narrowly strike construction barrels in a construction zone, sideswipe the median wall, and continue to drive on a shredded tire before coming to a stop. The driver was arrested for operating a motor vehicle while intoxicated. Inspector Burchard secured the driver in the back of a cruiser. She later found the man unconscious in the back of her car with his head tilted back and his eyes rolled into the back of his head. Inspector Burchard noted the man appeared to be overdosing. Inspector Burchard administered a dose of naloxone while holding his head to keep his airway open. Within 30 seconds, the man started breathing normally and within a minute he was conscious and alert. The patient was transported to the hospital for a medical evaluation.

Jessica Bader

Budget and Policy Analyst Jessica Bader has been a great asset to the Division of State Patrol to help operations run seamlessly throughout the year. She manages the budget in an effective way. When the agency started teleworking in 2020, Jessica disseminated important human resources information to employees. She filled in for vacant positions throughout the year, performed many purchasing-related activities and trained other staff in this area. In addition, she worked on several high-level projects throughout the year, including acquiring a new radio system, assisted with the development of the Wisconsin Interoperable System for Communications (WISCOM) by providing budget guidance, the tower infrastructure project, and the creation of Memorandums of Understanding with the Department of Military Affairs and the Department of Natural Resources. Jessica has gone above and beyond by continuously taking on tasks that are well outside her job duties.

FOR GOING ABOVE AND BEYOND THE NORMAL JOB EXPECTATION
AND CONTRIBUTING TO THE EFFICIENCY AND EFFECTIVENESS OF
THE DIVISION, JESSICA BADER IS PRESENTED
THE COMMENDABLE SERVICE AWARD.

Commendable Service

Lieutenant Colonel David Fish

Shortly after Lt. Col. David Fish took over as Director of the Bureau of Field Operations in 2020, the state dealt with a series of unparalleled challenges that disrupted normal agency functions. Throughout the coronavirus pandemic, Lt. Col. Fish maintained close supervision of Division of State Patrol leaders while quickly adapting to the challenges of distance meetings and trainings without the benefit of face-to-face contact. He was

frequently faced with making decisions based upon evolving information but was able to effectively communicate to a statewide organization.

Lt. Col. Fish worked through mutual aid requests from other agencies as their ranks diminished and provided key insight into modified enforcement operations and emergency alternatives to prepare for possible COVID-19 staffing disruptions.

Under his leadership, DSP coordinated a key component of the State Emergency Operations Center, overseeing distribution and security of the Strategic National Stockpile of COVID-19 PPE. Toward the end of 2020, DSP's vaccine distribution operation was so successful it was shared with other states.

Additionally, Lt. Col. Fish ensured staff stayed safe and essential services were maintained as he oversaw the reallocation of tasks and the prioritizing of spending requests. Lt. Col. Fish also served on the WisDOT command team for the Democratic National Convention and played an important role in key event subcommittee planning.

During a period of unprecedented challenges, Lt. Col. Fish displayed exceptional leadership and was indispensable to the State Patrol's ability to maintain key public safety services during a nationwide emergency. He effectively responded to protests in multiple locations in the state and was a key component in managing DSP resources during the COVID-19 pandemic.

FOR GOING ABOVE AND BEYOND THE NORMAL JOB EXPECTATION
AND CONTRIBUTING TO THE EFFICIENCY AND EFFECTIVENESS OF
THE DIVISION, LT. COL. DAVID FISH IS PRESENTED
THE COMMENDABLE SERVICE AWARD.

Meritorious Service

Trooper Ryan Roth

On Sunday, November 22, 2020, Trooper Ryan Roth responded to a home in Eau Claire to assist the Eau Claire County Sheriff's Office with a domestic disturbance involving an armed and intoxicated suicidal person. When Trooper Roth arrived, he joined other officers as they attempted to diffuse the situation. At one point, the man came out of the house wielding large knives. Trooper Roth and other officers immediately ordered him to stop and drop the weapons. Despite trying to de-escalate the situation, they could not stop the armed man. As he approached officers, Trooper Roth and an Eau Claire County sheriff's deputy fired their weapons to stop the threat. The man died, despite life-saving efforts.

BY SELFLESSLY RISKING HIS OWN PERSONAL SAFETY TO HELP THE PUBLIC, TROOPER RYAN ROTH DEMONSTRATED HIGH LEVELS OF BRAVERY AND DEDICATION IN THE PERFORMANCE OF HIS DUTIES.

FOR HIS EXEMPLARY EFFORTS, TROOPER ROTH IS PRESENTED THE MERITORIOUS SERVICE AWARD.

Meritorious Service

Trooper Briant Russell

On Saturday, September 26, 2020, Trooper Briant Russell was dispatched to the scene of a crash in Iowa County. When he arrived, he found a vehicle in flames and a driver trapped inside a severely damaged SUV. Bystanders could not get the driver out of the vehicle because the airbags had deployed. The flames from the other vehicle were growing bigger and hotter and the SUV was leaking flammable fluids nearby. Trooper Russell could feel the intense heat from the burning vehicle and knew something had to be done to save the driver trapped in the SUV. Trooper Russell returned to his cruiser and used his push bumper to move the SUV a safe distance away from the burning vehicle. Once safe from the fire, Trooper Russell, an Iowa County deputy, and several bystanders forced the driver's door open and were able to help the person out of the SUV. The driver was taken to a hospital with two broken ankles. Trooper Russell had minor injuries on his hands from broken glass. Trooper Russell's heroic actions ensured the driver of the SUV survived the crash.

BY SELFLESSLY RISKING HIS OWN PERSONAL SAFETY TO HELP ANOTHER, TROOPER BRIANT RUSSELL DEMONSTRATED HIGH LEVELS OF BRAVERY AND DEDICATION IN THE PERFORMANCE OF HIS DUTIES. FOR HIS EXEMPLARY EFFORTS, HE IS PRESENTED THE MERITORIOUS SERVICE AWARD.

Meritorious Service

Trooper
David Heinisch

Trooper
Alexander Polizzi

Trooper
Cody Rahn

Trooper
Keegan Williams

On Wednesday, December 9, 2020, Troopers David Heinisch, Alexander Polizzi, Cody Rahn, and Keegan Williams bravely put themselves at risk to keep the public safe during a dangerous incident in Jefferson County. It started when Trooper Rahn was in pursuit of a vehicle that drove off from a traffic stop. During the chase, the driver pointed a handgun out the window and fired at Trooper Rahn. He remained calm and professional when relaying this information to dispatch and other officers.

Despite the danger, Trooper Polizzi set up to deploy tire deflation devices. As the suspect vehicle passed Trooper Polizzi, the driver pointed the gun out the window and shot at him. Throughout the 17-mile pursuit, the suspect continued to point the gun at officers, creating a significant threat to safety.

The suspect vehicle eventually crashed. The driver got out and again pointed the gun at officers. The suspect then tried to steal a bystander's car, pointing the gun at the driver. As officers ordered the suspect to drop the weapon, he pointed the gun at officers again. The troopers were forced to shoot at the suspect to protect themselves and the public. Trooper Rahn, Trooper Williams, Trooper Polizzi and Trooper Heinisch immediately secured the suspect and began life saving measures until EMS arrived.

All officers involved showed unyielding courage and bravery in their effort to protect the public.

BY SELFLESSLY RISKING THEIR OWN PERSONAL SAFETY TO HELP THE PUBLIC, TROOPERS HEINISCH, POLIZZI, RAHN AND WILLIAMS DEMONSTRATED HIGH LEVELS OF BRAVERY AND DEDICATION IN THE PERFORMANCE OF THEIR DUTIES.

FOR THEIR EXEMPLARY EFFORTS, THEY ARE PRESENTED THE MERITORIOUS SERVICE AWARD.

Innovation and Excellence

Chief David Harvey

Public Safety Technology Services Section Chief David Harvey played a vital role in allowing the Division of State Patrol to quickly and effectively transition from a conventional office work environment to remote work during the COVID-19 pandemic.

During the COVID-19 pandemic, all areas of state government moved to widespread telecommuting and adopted other public health measures. While the leadership demands were significant, Chief

Harvey was able to effectively transition the work environments in just a few days. Chief Harvey used the state's web-based collaboration site SharePoint as a valuable tool to track DSP deliveries of COVID-19 vaccines. Chief Harvey and his team also coordinated many surveys for the division.

Chief Harvey also created a mechanism for effectively gathering Southwest Region mobile phone usage logs and user survey results. He created a centralized, shared location for the DSP Motor Carrier Enforcement section and all DSP region content. He also created DSP graphic logos and communications template sites in SharePoint.

Chief Harvey took part in the planning and preparations for the 2020 Democratic National Convention, gathering information from involved staff while also serving as the Geospatial Committee representative for the WisDOT and DSP.

FOR GOING ABOVE AND BEYOND THE NORMAL JOB EXPECTATION
AND CONTRIBUTING TO THE EFFICIENCY AND EFFECTIVENESS OF
THE DIVISION, DAVID HARVEY IS PRESENTED
THE INNOVATION AND EXCELLENCE AWARD.

Innovation and Excellence

Darlene Schwartz

Darlene Schwartz is the supervisor of the Division of State Patrol Badger Traffic and Criminal Software (TraCS) Unit. TraCS is an application that allows Wisconsin's 550 law enforcement agencies to share data on crashes, citations, and inspections. As the TraCS Program Manager, Darlene oversees a unit of developers that use the software to create and maintain forms for law enforcement and technical support staff. The forms assist agencies with TraCS implementation, maintenance, and training.

The unit also creates and maintains TraCS user and administrator documentation, hosts a well-attended annual Statewide TraCS User Conference, and runs a TraCS Forms Advisory Committee and related subcommittees. Given the broad adoption of TraCS in Wisconsin, Darlene and her team also serve as technical liaisons for those who use the TraCS systems, including circuit and municipal courts, the Wisconsin Department of Justice, and other law enforcement agencies.

As the TraCS Program Manager, Darlene worked with partner entities to help expand the use of TraCS across Wisconsin. Her approach to moving TraCS forward involved regularly gathering information and feedback from user agencies and working with the TraCS Forms Advisory Committee. She guides her unit to create additional forms that could most benefit the user agencies and partners. The future of TraCS for Wisconsin holds a great deal of promise thanks to Darlene's more than 30 years of dedicated WisDOT service.

FOR GOING ABOVE AND BEYOND THE NORMAL JOB EXPECTATION
AND CONTRIBUTING TO THE EFFICIENCY AND EFFECTIVENESS OF
THE DIVISION, DARLENE SCHWARTZ IS PRESENTED
THE INNOVATION AND EXCELLENCE AWARD.

Innovation and Excellence

Lieutenant Daniel Steele (ret.)

In December 2020, former Lt. Daniel Steele was tasked with coordinating the transport of Wisconsin's first COVID-19 vaccines to the many medical facilities that would serve as vaccine sites. This important task required Lt. Steele to work closely with the Wisconsin Department of Health Services, Wisconsin Emergency Management, and all Division of State Patrol regions.

Lt. Steele coordinated with DSP Information Technologies and developed a comprehensive tracking log where officers could enter their time, mileage, and other details of the delivery. He generated weekly reports that were shared with the Secretary's Office and used as a tool to cover the costs of the deliveries.

During the execution of Lt. Steele's plan, the deliveries were conducted in a timely and organized manner. The model of operation Lt. Steele developed was shared with other states and a private delivery company that ultimately took over deliveries in February 2021.

FOR GOING ABOVE AND BEYOND THE NORMAL JOB EXPECTATION AND CONTRIBUTING TO THE EFFICIENCY AND EFFECTIVENESS OF THE DIVISION, LIEUTENANT DANIEL STEELE IS PRESENTED THE INNOVATION AND EXCELLENCE AWARD.

Innovation and Excellence

Laura Vande Hey

Bureau of Transportation Safety (BOTS) Program and Policy Supervisor Laura Vande Hey has demonstrated exceptional leadership in collecting, analyzing, and returning actionable crash data to outside agencies. Her vision and strategic planning continue to grow the influence of traffic safety as she improves, innovates, and analyzes crash data.

Laura's leadership has had a direct impact on traffic safety in Wisconsin. Her ability to gather people together and get them invested in traffic safety

has been a valuable key to the success of BOTS. She embodies the values of integrity, diversity, equity, and accountability.

Laura continues to be an ambassador of traffic safety and represents the State Patrol in a highly professional manner. Laura also developed Predictive Analytics to be accessible and actionable for all law enforcement agencies in Wisconsin. She chairs the Strategic Highway Safety Plan and Development Committee, coordinating several other operational plans in the Department of Transportation. Plus, Laura chairs the Traffic Records Committee, which seeks out projects that improve the quality, timeliness, accuracy, and accessibility of information for all partners.

Laura has not only represented the State Patrol, Department of Transportation, and BOTS as an employee, but has invested herself and her vision to the division, the bureau and to traffic safety. Throughout her time with WisDOT, she has always delivered quality results beyond expectation and cleared a path for others to follow or join.

FOR GOING ABOVE AND BEYOND THE NORMAL JOB EXPECTATION AND CONTRIBUTING TO THE EFFICIENCY AND EFFECTIVENESS OF THE DIVISION, Laura Vande Hey IS PRESENTED THE INNOVATION AND EXCELLENCE AWARD.

Unit Citation

Fleet Installation Center

The team at the Wisconsin State Patrol's Fleet Installation Center (FIC) has distinguished itself with outstanding service and achievement based on their commitment to innovations in fleet upfitting.

In 2020 and 2021, the COVID-19 pandemic required the team to build consoles, wire harnesses and work on other components critical to fleet upfitting all while working from home. Once they returned to work in person, the team had to make up for lost time. Through creative scheduling, production tracking, and committed employees, the FIC was able to complete the model year 2020 fleets ahead of schedule.

In addition, the FIC was the focus of a WisDOT Leadership Development Program (LDP) project. The program identified several innovations pointing to a culture of continuous improvement, including task-specific work areas, a new wiring station, pre-wired center consoles, and new machines to improve upfitting and facilitate custom fabrications. In all, the LDP project team estimated the FIC has saved about 48 work hours per week, leading to increased vehicle production.

The FIC team's professionalism, growth and achievement reflects the highest level of commitment and credit upon themselves, the division, and the law enforcement profession.

Public Safety Technology Services Section - Production Support Unit

Through the critical support provided to the Division of State Patrol during the COVID-19 pandemic, the Production Support Unit (PSU) of the division's Public Safety Technology Services Section distinguished itself with outstanding service and achievement. The PSU's non-sworn and sworn IT professionals support more than 100 physical and virtual servers and more than 1,500 mobile devices.

The PSU's early recognition of special IT support needs during the pandemic led to rapid planning and preparation in response to agency telework policies. These preparations included an immediate inventory and deployment of laptops, mobile data computers, peripheral devices, cellular hotspots and phones, and other technology. These technologies and services supported more than 180 teleworkers.

PSU also led the effort to acquire additional phone client licenses and purchased Bluetooth headsets, which allowed staff to manage calls and voicemail remotely and more efficiently.

Finally, PSU was instrumental in creating and implementing resources for managing staff availability, tracking the impacts of positive COVID-19 cases, coordinating the distribution of vaccines, and compiling other COVID-19 resources from a variety of sources.

The Production Support Unit's professionalism, growth and achievement reflects the highest level of commitment and credit upon themselves, the division, and the law enforcement profession.

From the 60th Recruit Class in 2014 to the 66th in 2021, Sergeant Heffernan was the foundation that allowed the division to continue to operate an employer-based recruit academy. Creating and maintaining a 26-week class schedule that meets all the requirements of the Department of Justice Training and Standards Bureau was an enormous undertaking. Sgt. Heffernan operated at a high level of proficiency for longer than any other program director assigned to the recruit class. This not only required the highest attention to the smallest details, but a commitment to constantly adapt to the challenges of a six-month program. Sgt. Heffernan handled coordination of programs with the accuracy and care needed to ensure the entire division could receive excellent preparatory training.

This is a position of significant and sustained responsibility. Sergeant Heffernan distinguished himself by his exceptional achievement in the performance of this very important duty. There is no doubt that his work has contributed to the overall mission of the Division in a profound manner by ensuring staff are well-trained to provide essential public safety services. Sergeant Heffernan accomplished this year after year while striving for excellence in all that he does.
